

Superba Ploughing Engines

All are tracings on cloth (TC). All are Double Elephant size (DE)

Main Series

67647	Centre bearing
67650	Crank and second motion shaft bearings
67661	Road spur gearing
67662	Crank and upright shaft brackets
67668	Superheater box
67669	Smokebox
67670	Dome cover
67671	Upright shaft footstep
67672	Clutch gear for road motion
67673	Bevel gear for ploughing motion
67674	Clutch gear for ploughing motion
67675	Connecting rod
67676	Shafts and axles
67680	Coiling cage
67682	Superheater tubes
67683	Steam pipes
67684	Lifting gear for pawl catch
67710	Crosshead
67712	Slide bars
67714	Road gear covers
67716	Eccentric and tappet wheels
67718	Winding drum
67748	Coiling lever
67752	Arrangement of injector
67753	Oil box and pipes for shaft and drum
67758	Cylinder cock gear
67759	Motion covers
67782	Superheater box
67783	Superheater pipes
67789	Cover for superheater box
67837	Locking plates
67848	Coiling cage

S Series

S1280	Sections through boiler tubes - smokebox and firebox ends
S1301	Arrangement of coiling gear
S1346	Side elevation
S1347	Overhead plan
S1348	Sections - hind axle and crankshaft

Parts made from other drawings

Main Series

56541	Compound cylinder - Z7S
66354	Boiler - longbox - Z7 special
