

## The MERL Little Mice Garden Trail

Find Little Mouse's family in our glorious Garden!

Little Mouse is the happy host of Friday Fledglings, our outdoor learning activities for pre-schoolers and their carers.

Nature was busy in The MERL Garden during lockdown, not least of all with little mice.

Ten little mice are now hiding amongst trees, walls, flower beds and in all sorts of places...

Find each mouse and their letter of the alphabet. We have given you some clues to help! You can go around the Garden in any direction you like.

Write down the letters you find with the little mice:

This mouse follows the flock

This mouse smells of mint

This mouse is hopeful for honey

This mouse says goodnight to the flowers

This mouse likes being tickled with feathers

This mouse has its own little house

This mouse is learning to drive

This mouse seeks a shady spot

This mouse likes to splish & splash

This mouse wants some tea & cake

When you have found all ten little mice, jumble up the ten letters to spell out Little Mouse's favourite flower...

Take your seeds home and enjoy planting and looking after them!
