

## Museum of English Rural Life

**TR MCH** McHATTIE & CO., LTD.  
1870's - 1960's  
The records deposited at the Institute comprise accounts, administrative, commercial and technical material and a good cross section of post 1870 publicity. The accounts include a run of wages books, 1912-1963 [TR MCH/AC5], broken only by a gap for 1940-1944, and financial statements [TR MCH/AC7] for the 1880's and for the partnership of A.W. Armstrong, W.C. Armstrong and W. Ferguson, 1911-1942. The administrative records contain a comprehensive general reference album, especially concerned with government matters, for 1921-1942 [TR MCH/AD2/1] and an inventory and valuation of the firm's implement stock on the decease of John McHattie in 1886 [TR MCH/AD5/1]. There is also a fine run of implement sales registers for 1875-1941, referring to a wide variety of manufacturers and equipment [TR MCH/AD7/1-5]. The technical records are mainly reference compilations of preserved flora [TR MCH/ET3/1-7] together with a reference album on farm seeds [TR MCH/ET3/8]. The publications, as previously mentioned, are quite comprehensive, including eleven bound albums [TR MCH/P1/A1-11] and fifty three individual advertising items [TR MCH/P2/A1-53], being divided into three categories, namely, farm seeds, garden seeds and bulbs, roses, shrubs and trees. Finally there is an album of coloured printing block proofs [TR MCH/P8/1].

116 Documents

**TR MCH AC** ACCOUNTS

**TR MCH AC5** WAGES ACCOUNTS
